

# Join us at our CoderDojo

LET'S TEACH  
KIDS HOW TO  
CODE AND  
CREATE COOL  
STUFF...

## WHAT IS CODERDOJO?

**CoderDojo** is a global network of free coding clubs for young people. In the clubs or Dojos, young people learn how to code, develop websites, apps, programs, games and explore technology in an informal and creative environment.

## WHAT HAPPENS AT A DOJO?

Things usually start with an ice breaker activity before the Mentors present the code the group will learn that day. They will then work together for an hour, before chatting about what they have done or presenting their work.

- WHERE:** Bank of Ireland,  
Montrose UCD Branch,  
Stillorgan Road
- WHEN:** Every Monday evening during school  
term starting 9th January  
6.15pm–7.45pm
